GAZANIA *Kiss Vanilla*

Gazania rigens

Free-flowering 'Kiss Vanilla' produces **very large blooms** in creamy shades of white, lemon and mandarin on dense, low-growing foliage.

'Kiss Vanilla' creates a soft summer planting drift because it lacks the heaviness of dark centred varieties. It performs superbly in hot, dry conditions and in almost any soil, and with superior salt-tolerance is an ideal solution for troublesome coastal gardens.

Tip: Remove spent flowers to encourage more flowers.
Avoid over-watering.

Uses: Ground cover in gardens and rockeries, retaining walls.
